

54084 Flavor Station – Condiment Cart

ADD SOME FLAVOR TO YOUR CAFETERIA

Boost Efficiency and Customer Satisfaction with Mobile Condiment Carts

Upgrade your cafeteria, concession stand, dining hall, food kiosk, or other quick-serve establishment with Flavor Station Mobile Condiment Carts!

A Customized Solution to a Growing Problem.

This winning design was created to solve a growing issue in a school district. Originally built with older students in mind, the facilities are now being used by younger students; Making accessibility to some items such as condiments a problem given their shorter stature. After trying different tables, trays and other options, it was decided that a mobile cart was needed.

Together we designed a mobile cart that rolls from the serving line to the register reducing the risk of stolen or damaged items. This space-saving mobile cart is not fixed, so it is easily rolled back and locked away when not in use.

The Flavor Station has provided a way to serve more students in a small space without expanding the footprint.

Flavor Station Condiment Carts Can Be Used In:

- Cafeterias
- Concession Stands
- Dining Halls
- Food Kiosks

Pans not included.

- ✓ **Self-Serve Convenience.**
Multiple tiers or compartments on the cart allow you to offer a wide selection of individual serving packets simultaneously.
- ✓ **Increased Efficiency.**
Reduce congestion at your service counters by providing a dedicated condiment station.
- ✓ **Grows With You**
Easily move the cart to accommodate different age groups or service areas.
- ✓ **Portion Control.**
Promote portion control by utilizing individual serving packets.
- ✓ **Customize To Fit Your Needs.**
Can be customized in various sizes, colors and capacities to perfectly match your needs. ■ ■ ■ ■ ■ ■ ■

Elevate any school share program with a **New Age Share Cart!** This cart comes in many colors and features two locations for custom signage to encourage students to share their individually packaged foods, milk, juice, fruit, and more.

The cart comes with cold food pans that, when frozen, can hold food safely for 6-8 hours eliminating the need for ice! Heavy-duty casters, a lightweight design, and a convenient push handle make this cart easy to maneuver.
